Levy Improves Downtown Lot For Free Parking

"Shoppers in the business district and others who have errands downtown are welcome to use the lot at Sartori and El Prado free of charge for parking as long as they wish," Sam Levy, owner of the property, said Tuesday as workmen started leveling off the 63 by 140 foot vacant area. A layer of decomposed granite has been placed over the whole lot and the easy entrance off the alley between Marcelina and Cravens from El Prado will permit even the most timid motorist to park his or her car without difficulty.

CHRISTIAN SCIENCE CHURCHES
"Reality" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The Golden Text is from the Psalms: "For ever, O Lord, thy word is settled in heaven." One of the Bible selections in the Lesson-Sermon includes the verses from the Psalms: "Make me to understand the way of thy precepts: so shall I talk of thy wondrous works." And take not the word of truth utterly out of my mouth: for I have hoped in thy judgments. So shall I keep thy law continually for ever and ever. And I will walk at liberty: for I seek thy precepts."

The Lesson-Sermon presents also these statements from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "All that really exists is the divine Mind and its idea, and in this Mind the entire being is found harmonious and eternal. The straight and narrow way is to see and acknowledge this fact, yield to this power, and follow the leadings of truth." Christian Science reading room at 1208 El Prado. Public welcome.

Pastor Stresses Authority Over Individualism As Need of Hour

Asking "what good will it do me to be in the community as a priest if I do not point out one of the fundamental essentials for a better Torrance, a better state and nation," Rev. Father Joseph V. Fitzgerald in an interview for The Herald expressed the following ideas.

Believing that Father Fitzgerald has a subject worthy of deep consideration, The Herald publishes his words in full and extends, with other pastors, to other laymen the privilege of responding at the same length to the ideas expressed by the pastor of the Church of the Nativity or comments on other local problems as they see fit. "Authority is essential and fundamental for the welfare of society," both spiritually and socially," he said. "Without it we drift to disunion and eventual chaos. In business, in the home, in churches, in schools and government we must be guided by an authority set up for the welfare of that particular entity; one authority that has the right to say 'this is right and this is wrong' to demand from the individual to do one thing and avoid another. To Give Instruction "Individualism is opposed to authority but the latter is the bond of security, of unity and progress as opposed to the former or the right of the individual to think and act as he or she thinks fit without regard for the rest of society. The lack of this fundamental principle is at the root of all troubles both spiritual and social. Today children forget and are indifferent to the authority of parents, the parents and children have lessened the authority of the school and a large number have long since refused to be guided by the authority of the church in spiritual matters. "He that shall not hear you shall not hear Me; he that despiseth you despiseth Me" and "He that is of God heareth the word of God; therefore you hear them not because you are not of God." We must come back to the authority of the church and subject ourselves to that authority, to teach our children by word and example the importance of it in religious matters, in the home, the school and in the state. "Therefore obedience to authority must supplant individualism or the right of the individual to think and act for himself in matters affecting humanity as a whole. I propose, to give instructions along these lines and the principles of the Catholic church at the Rectory every Wednesday evening at 7 o'clock and I cordially invite all interested Catholics and non-Catholics to attend and participate in the discussion."

Lecture Will Be Broadcast Tuesday

Local radio listeners may hear an authorized Christian Science lecture Tuesday, Sept. 28, at 12:10 noon, when Judge Frederick C. Hill, C.S., of Los Angeles, a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., lectures over KFVB at the Philharmonic Auditorium, Los Angeles, for Ninth Church of Christ, Scientist.
